Dedication

To the Student Body of Coolidge High School, who realize the advantages their school offers them, we, the Annual Staff of 1963, dedicate this yearbook.

It has been through the continued efforts of the student bodies of the past that we are aware of the traditions and goals that bind us together. Those before us have set the standards which we consider our duty to fulfill.

It is through the students' strife for scholarship; their participation and leadership in academic and extracurricular activities; their cooperation and understanding; and their promise of future usefulness, that Coolidge High School has been made a better institution for learning.

We challenge the student bodies of the future to uphold these traditions and carry out the goals which have been set. It will be with pride that you will remember having been a part of the Student Body of CHS.

President: Mr. and Mrs. Troy Trotter

ADMINISTRATION

Superintendent's Message

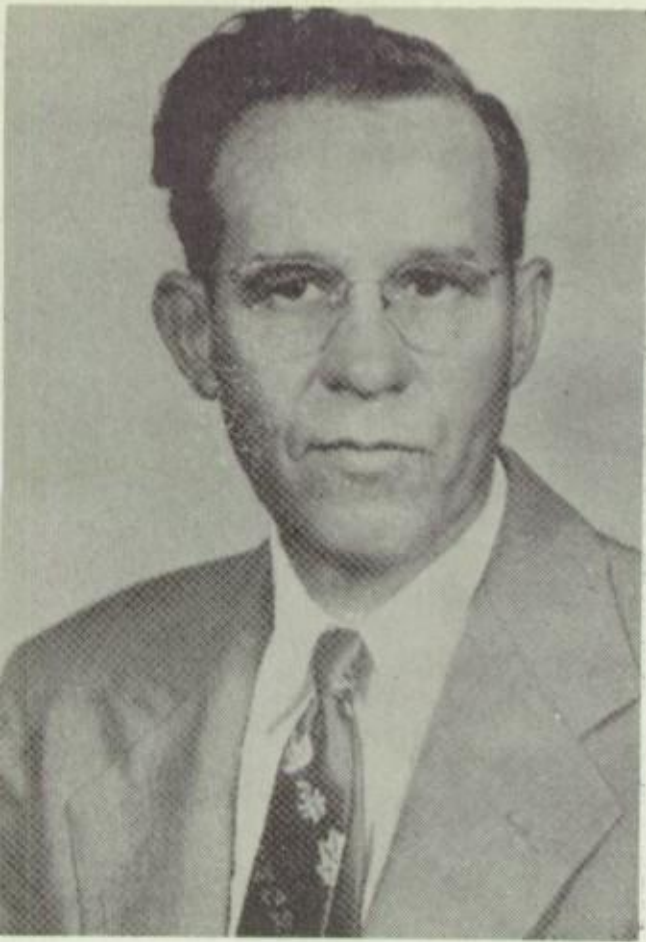

L. L. MATTHEWS

In this school year of 1962-1963, it is a pleasure to extend wishes to our student body. Your cooperation, attitude, and spirit made the school year extremely pleasant.

To you seniors, I extend my sincere congratulations. Coolidge High School is interested in you wherever you go. Apply the choice values which you have received in your training. Live up to the highest ideals to which you have been exposed.

To you students who are still in school, Coolidge School considers it a privilege to have you here. Keep your goals high, your lives clean, work hard and success will be yours.

Our thanks to the Annual Staff for making the 1962-1963 annual one of which we will be proud.
